SEWING UP SKILLS: Youngsters had the chance to put their sewing skills to the test during a textiles workshop. A total of 25 children from Smallthorne Primary School visited Haywood Academy's technology department for the interactive lesson.

Year 4 pupil Grace Bourne chose to make a bookmark. The nine-year-old, pictured, from Bradeley, said: "I loved designing my own bookmark. I like coming to Haywood because there are lots of helpful teachers and the activities are really fun."
