

Being Safe Online

Year 7

Year 8

Year 9

Year 10

Year 11

Develop an awareness of online content on self-esteem and image, and sensitivity to the vulnerabilities of others

- Consider how your background and experiences may make you more vulnerable to online content
- Explore different types of online content and reflect on how this affects us personally
- Rationalise online content and remind ourselves to guard our self-esteem
Reflect on what self-esteem is and how types of online content could affect us

To explore the concept of ‘Online Reputation’ and the consequences of sharing content online

- Will change their behaviour out of school to manage their online reputation now and in the future
- Most: Will consider how their online behaviour could impact on them in the future
- All: Will consider how their online behaviour affects how people view them in real life
