

Year 10 to 11 Transition – Science Summer Work

Instructions for Completing Science Booklets

1. Either complete electronically (not recommended) or print AS A5 BOOKLETS. Alternatively, copies can be obtained from your Science teacher.
2. Use the links below to access the relevant information and fill in the backs of the cards to create flash cards of all the information you need for these 2 topics:
 - Cells
 - Atomic Structure#

Ensure that all the information to collect is of a GCSE standard and from sources pitched at the correct level.

3. Closer to exam time, trim the booklet along the dotted lines to produce a series of flash cards for revision purposes.
